AMENDED IN ASSEMBLY JANUARY 4, 2012
CALIFORNIA LEGISLATURE—2011–12 REGULAR SESSION

ASSEMBLY BILL

No. 737

**Introduced by Assembly Member Huber Members Buchanan and
Achadjian**

February 17, 2011

An act to repeal ~~Part 7.5 (commencing with Section 36100) of Division 24 of the Health and Safety Code, relating to state government, and add Chapter 3 (commencing with Section 80) of Division 1 of the Harbors and Navigation Code, and to amend Section 531 of the Public Resources Code, relating to boating and waterways.~~

LEGISLATIVE COUNSEL'S DIGEST

AB 737, as amended, ~~Huber Buchanan. Model cities. Boating and Waterways: Harbors and Watercraft Commission.~~

(1) Existing law establishes the Department of Boating and Waterways in the Natural Resources Agency and charges the department with duties related to beach erosion, harbors, and recreational boat trails. Existing law establishes the Boating and Waterways Commission to provide advice to that department.

The Governor's Reorganization Plan No. 2 of 2012 (GRP 2) proposes to reorganize state departments and agencies to, among other things, transfer the Department of Boating and Waterways into the Department of Parks and Recreation as a division of that department and eliminate the Boating and Waterways Commission.

This bill would instead place the commission in the Department of Parks and Recreation within the Division of Boating and Waterways,

and would prescribe the membership, functions, and duties of the commission.

(2) Existing law establishes the State Park and Recreation Commission in the Department of Parks and Recreation comprised of 9 members appointed by the Governor, subject to confirmation by the Senate, and requires that the members of the commission be selected from areas distributed throughout the state and because of their interest in park, recreation, and conservation matters, as prescribed.

This bill would also require that the members of the commission be selected because of their interest in boating and waterways.

(3) GRP 2 is proposed to become operative on July 1, 2013, if not disapproved by the Legislature in accordance with specified procedures.

This bill would become operative on July 1, 2013, but would only become operative if GRP 2 becomes effective.

~~Existing law establishes a Model Cities Coordinator to, among other things, coordinate all state activities in the Model Cities program and a local Model Cities resources board to, among other things, assist Model Cities programs with the design, development, and operation of community projects, provide information to local Model Cities programs about the availability of state and federal assistance, and assist in coordinating the functions of local, state, and federal agencies in Model Cities programs to achieve locally defined objectives.~~

~~This bill would repeal those provisions.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:
